9 read as follows:

10 39. a. In computing for retirement purposes the total service of

12 member with the time of all service rendered by the member since
13 that member's last enrollment, and in addition with all the service to

20 retirement system shall credit the member with the time of all
21 service rendered by the member during the part of any year that the

26 For the purpose of computing service for retirement purposes,

30 be credited for all service in a calendar year. A member may
31 purchase credit for time during which the member shall have been

33 purchased for a period of time equal to:

34 (1) three months or the duration of the leave, whichever is less;
