JUSTICE AND PUBLIC SAFETY IMPACT STATEMENT
ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY, Nos. 3666 AND 4885
STATE OF NEW JERSEY
220th LEGISLATURE**

Synopsis: Increases penalties for carjacking and for theft of motor vehicle.

INTRODUCTION

The Office of Legislative Services does not develop or maintain source data concerning the criminal justice system in the State. The Office of Legislative Services makes reasonable efforts to obtain data from Executive Branch Departments and the Judiciary. This statement may reflect information provided by the United States Census Bureau, the Administrative Office of the Courts within the Judiciary, the New Jersey Department of Corrections, the New Jersey Office of the Attorney General, and the Juvenile Justice Commission in the New Jersey Department of Law and Public Safety. The publicly available data and the data provided by the responding departments and agencies contained within this statement allows for a general overview of the frequencies of events of interest (i.e. arrests, charges, and convictions) for racial and ethnic minorities for the crimes identified herein. This statement does not provide for an in-depth analysis of that data.

Additional data concerning recidivism rates and incarceration rates for the specific crimes addressed within this statement sorted by race and ethnicity is needed in order to make a conclusion on the impacts on racial and ethnic minorities. Additional data concerning the deterrent effects of similar laws of this type is needed to determine the impact on community criminal justice and public safety. It should be noted that the data needed may not currently be collected by the responding departments or agencies or may not exist.

BILL DESCRIPTION

The Assembly Committee Substitute for Assembly Bill Nos. 3666 and 4885 permits an additional penalty to be imposed upon a defendant who commits the crime of carjacking, increases the current penalties for theft or unlawful taking of a motor vehicle, and increases the periods for which a court may suspend the driving privileges of those less than 17 years of age for theft or unlawful taking of a motor vehicle.

In the case of carjacking, the bill provides that in addition to a term of imprisonment and any other disposition, the court may impose on a defendant convicted of carjacking an additional penalty not to exceed \$15,000, plus the value of the automobile and its contents at the time it was stolen if the value exceeds \$5,000 and the automobile is not recovered.

The bill increases the penalties for the crime of theft or unlawful taking of a motor vehicle as follows: from \$500 to \$1,000 for a first offense; from \$750 to \$1,500 for a second offense;

and from \$1,000 to \$2,000 for a third or subsequent offense. The bill also directs the court to consider the threat to public safety by the theft or unlawful taking when determining suspension, revocation, or postponement of a license.

Additionally, the bill increases the periods for which the court, in its discretion, may suspend, revoke, or postpone driving privileges of those less than 17 years of age for theft or unlawful taking of a motor vehicle as follows: from one year to a maximum of three years for a first offense; and from two years to a maximum of four years for a second offense. The bill preserves the maximum suspension, revocation, or postponement period for third offenders in current law.

Note: Hispanic ethnicity was not captured during the Live Scan process, which must meet federal data specifications.⁴ The Administrative Office of the Courts created a separate data collection field for Hispanic origin in December 2021. However, this information is still pending addition to the data files available to OAG.

The following response was provided by the Juvenile Justice Commission:

The Juvenile Justice Commission (JJC) does not maintain or have direct access to detailed data on youth arrests, prosecutions, or adjudications (i.e. convictions). The JJC is not a prosecutorial agency. The JJC does not keep racial and ethnic data segregated by crimes for arrests, prosecutions, or adjudications for the juveniles committed to its care.

The Department of Corrections has made available to the public statistical data concerning the State inmate population categorized by race and ethnicity for 2022, which are reflected in the charts on page 2, and offenders by base offense for 2021 and 2022 in the following charts:

Note: In these tabulations, the base offense is the most serious offense at the time of admission. These figures reflect base or controlling offenses at admission only and do not include any offenses in addition to the base offense in the case of multiple sentences at admission. Property offenses include burglary, arson, theft, forgery, embezzlement, and receiving/possessing stolen property.

⁴ The Live Scan process is the automated fingerprint information system that the State Bureau of Identification utilizes as centralized storage for criminal arrest fingerprints.
