

# STATEMENT TO

## **SENATE, No. 417**

with Senate Floor Amendments  
(Proposed by Senator SMITH)

ADOPTED: MARCH 3, 2022

This floor amendment would:

(1) remove a reference to "xeriscaping" as an example of a water conservation technique to be included in the environmental sustainability plan; and

(2) require the environmental sustainability plan to include an estimate of any expenditure increases needed to implement the plan, and an identification of potential funding sources for the expenditure increases.
