

ASSEMBLY FINANCIAL INSTITUTIONS AND INSURANCE COMMITTEE

STATEMENT TO ASSEMBLY, No. 3242

with committee amendments

STATE OF NEW JERSEY

DATED: FEBRUARY 12, 2026

The Assembly Financial Institutions and Insurance Committee reports favorably and with committee amendments Assembly Bill No. 3242.

As amended, this bill requires health insurers (health, hospital, and medical service corporations, commercial individual and group health insurers, health maintenance organizations, health benefits plans issued pursuant to the New Jersey Individual Health Coverage and Small Employer Health Benefits Programs, the State Health Benefits Program, and the School Employees' Health Benefits Program) to provide coverage for expenses incurred in the purchase and use of a continuous glucose monitoring system, as prescribed by a health care practitioner for the treatment of glycogen storage disease.

This bill was prefiled for introduction in the 2026-2027 session pending technical review. As reported, the bill includes the changes required by technical review, which has been performed.

COMMITTEE AMENDMENTS:

The committee amended the bill to change the effective date for policies and contracts under the Individual Health Coverage Program to January 1, 2027.
