Unemployment Insurance Compensation Fund and State Disability Benefits Fund:	
Revenue Decrease	Up to \$200,000
Potential Expenditure Decrease	Indeterminate

- The Office of Legislative Services (OLS) concludes that the bill will result in an annual revenue loss of up to \$200,000 to the Unemployment Insurance Compensation Fund and the State Disability Benefits Fund because the bill exempts any wages received by temporary poll workers, including those who process mail-in ballots, from unemployment, disability, and family leave insurance payroll taxes.
- The bill could result in an annual indeterminate expenditure decrease to the Unemployment Insurance Compensation Fund and the State Disability Benefits Fund by exempting poll workers, including those who process mail-in ballots, from receiving unemployment insurance benefits, temporary disability benefits, and family leave insurance benefits for which they might otherwise qualify.

BILL DESCRIPTION

This bill exempts wages earned as a poll worker from affecting an individual's unemployment compensation. The bill exempts services performed as a temporary board worker hired by a district board of elections who receives compensation for the discharge of election duties from the definition of "employment" in the unemployment compensation law. The bill exempts any wages paid to a temporary poll worker from unemployment, disability, and family leave insurance taxes.
