The Assembly Law and Public Safety Committee reports favorably and with committee amendments Assembly Bill No. 1740.

Assembly Bill No. 1740, as amended and released by the committee, directs the Superintendent of State Police to prepare, and regularly update, a catalogue listing every employment title and position in the division with a job description for each, including any special qualifications or skills that are necessary for appointment. The catalogue, as are lists of State and local employment titles and positions, is to be made available to the public at designated locations.

The amended bill also specifies that whenever the superintendent determines that it is necessary to establish, on either a permanent or temporary basis, a title or position not included in the catalogue, no appointment to that special title or position can be made until a notice has been made available and adequate time has been given to permit those interested to apply. The information shall include a description of the special title or position and the special qualifications or skills that are necessary for appointment.

As amended and released by the committee, this bill is identical to Senate Bill No. 412 (1R), also amended and released by the committee on this same date.
