STATEMENT

5

6       This bill would amend current law to provide employees of  
7 employers subject to the “Millville Dallas Airmotive Plant Job Loss  
8 Notification Act,” P.L.2007, c.212 (C.34:21-1 et seq.), with  
9 increased opportunities to participate in job training at all public  
10 and county colleges in the State.

11       The “Millville Dallas Airmotive Plant Job Loss Notification  
12 Act,” requires prenotification, of at least 60 days, for certain  
13 anticipated plant closings and mass layoffs in order to provide the  
14 time needed to avoid closings of viable plants, and, if a closing is  
15 unavoidable, to help workers to utilize effectively the services  
16 needed to make a timely transition to new employment or  
17 occupations.

18       Among the retraining options available to these workers are  
19 programs that provide for tuition or grants to pay for training such  
20 as vocational technical education or community college. The  
21 “tuition waiver program” currently restricts the number of available  
22 class slots for participants. This legislation seeks to end this  
23 limitation for those individuals affected by a plant closing, transfer  
24 of operations or mass layoff.
