This bill provides that the governing body of a county or municipality may, by ordinance or resolution, as appropriate, establish a qualified veteran business enterprise set-aside program. In authorizing such a program, the governing body of a county or municipality shall establish a goal for its contracting agencies of setting aside a certain percentage of the dollar value of total procurements to be awarded as set-aside contracts to qualified veteran business enterprises.

For the purposes of this bill, "qualified veteran business enterprise" means a business which has its principal place of business in this State, is independently owned and operated, is at least 51% owned and controlled by a veteran, or that agrees to hire veterans if additional workers are required to perform the contract, and is qualified pursuant to section 25 of P.L.1971, c.198 (C.40A:11-25), which authorizes the governing body of any contracting unit to establish reasonable regulations appropriate for controlling the qualifications of prospective bidders upon contracts to be awarded on behalf of a contracting unit. "Veteran" has the same meaning as set forth in subsection b. of N.J.S.11A:5-1, which sets forth all of the wars and conflicts in which one's service qualifies for veteran status, except that the veteran shall present to the Adjutant General of the Department of Military and Veterans' Affairs sufficient evidence of a record of service and receive a determination of status no later than the date set for the submission of bids.
