STATEMENT

25

26 Currently, the Department of Agriculture does not provide on its
27 Internet website for the electronic submittal of milk dealer license
28 applications to the department. Instead, an applicant must print the
29 form out from the Department of Agriculture's website, fill it out,
30 and mail it to the department. By providing for electronic
31 application submittals, this bill will streamline the application
32 process for both the applicant and the department.
