STATEMENT

This bill would dedicate a portion of the revenue realized from permit, parking and other fees collected at Island Beach State Park and Liberty State Park to the "Island Beach Interpretive Program Fund" and the "Liberty State Park Interpretive Program Fund," respectively, created by the bill. Currently, all revenues collected at Island Beach State Park are deposited into the Parks General Treasury account and used to support the State park system. The revenues collected at Liberty State Park are split between the Parks General Treasury account and a revolving account used to support the operations of the park. The bill provides that a portion of the fees collected would be used to support interpretative and education programs at Island Beach and Liberty State parks. Specifically, $150,000 of the fees collected at Island Beach State Park and $250,000 of the fees collected at Liberty State Park would be dedicated for these programs. The bill also appropriates for these purposes the monies deposited into the funds during State fiscal year 2010.
