15 STATEMENT

16

17 This bill would prohibit contracts which are issued or purchased
18 pursuant to the State Health Benefits Program, School Employees'
19 Health Benefits Program, and Medicaid Program from denying
20 coverage for a maintenance medication prescribed by a covered
21 person's physician for the covered person's chronic condition
22 because of a change in the covered person's pharmaceutical benefits
23 that results solely from a change in the health benefits plan or the
24 pharmacy benefits manager for that plan.

25 The prohibition applies only if the covered person was taking the
26 medication prior to the date of the change in the covered person's
27 health benefits plan or the pharmacy benefits manager for that plan,
28 and if the covered person's new health benefits plan, or health
29 benefits plan under the new pharmacy benefits manager, as
30 applicable, provides coverage for that class of drugs.
