STATEMENT

35

36 This bill requires the Commissioner of Health to identify four
37 facilities, one of which is to be an existing free-standing special
38 care nursing facility that is located in a city of the first class, and
39 three of which are to be evenly distributed geographically
40 throughout the State, to be designated as facilities for the treatment
41 of patients who are dually diagnosed with psychiatric and substance
42 use disorders. A facility seeking designation would apply to the
43 commissioner for designation, and would need to demonstrate to the
44 satisfaction of the commissioner that the facility can provide
45 appropriate care to patients with a dual diagnosis. The
46 Commissioner of Human Services would establish a reimbursement
47 rate sufficient to cover the cost of care provided to patients pursuant
48 to the bill.
