A1315 MOSQUERA, MORIARTY

3

1 require any public building to install a minimum number of grab
2 bars during renovations to existing restrooms, costing \$5,000 or
3 more. A restroom containing between three and four toilet stalls
4 would be required to have at least two toilet stalls equipped with
5 grab bars. A restroom containing between five and nine toilet stalls
6 would be required to have at least three toilet stalls equipped with
7 grab bars. A restroom containing between 10 and 15 toilet stalls
8 would be required to have at least six toilet stalls equipped with
9 grab bars. Restrooms with 16 or more toilet stalls would be
10 required to have at least one-third of the restroom's toilet stalls
11 equipped with grab bars. A clearly visible sign displaying the
12 International Symbol of Access must identify any toilet stall
13 containing grab bars.
