14 The State Treasurer, in consultation with the Chief Technology
15 Officer, must make information concerning State expenditures and
16 revenue and State contracts available to the public, at no charge, in

18 also required to ensure that this information is kept current.

19 Specifically, this website must publish the following

21 including hotel and lodging, airfare, meals, whether in-State or out-
22 of-State, and whether overnight or non-overnight; (2) amounts spent

27 Department of Corrections on electricity; (5) amounts spent by the
28 Division of Pension and Benefits on postage, shipping, and other
29 mail services; (6) amounts spent by the Department of Agriculture

3 published on the website.

4 Pursuant to Executive Order No. 8 of 2010, the Department of
5 the Treasury is already required to publish certain State fiscal
6 information in a format that is easily-understandable to the average
7 taxpayer and allows opportunity to download and meaningfully
8 compare data, available at <http://www.yourmoney.nj.gov>.
9 Evaluations of state transparency websites, such as the April 2018
10 “Following the Money 2018” report compiled by the Frontier Group
11 and U.S. PIRG Education Fund, highlight areas for improvement in
12 the state provision of online access to governing spending data.
13 This bill is intended to implement recommendations contained in
14 the report, in particular recommendations pertaining to the State
15 government transparency website.
