 6 *of New Jersey:*

7  
 8 1. a. There is established in the Department of Education a grant  
 9 program to assist school districts in the training of school-based mental  
 10 health services providers, expand the pipeline of high-quality, trained  
 11 providers, and address the shortages of mental health professionals in  
 12 schools. As used in this section, “school-based mental health services  
 13 provider” means a State-licensed or State-certified school counselor,  
 14 school psychologist, school social worker, or other State-licensed or

 20 grow programs and partnerships that train students who are attending  
 21 graduate school to become school-based mental health services  
 22 providers.

23 c. To be eligible for consideration of a grant award under the  
 24 program, a school district <sup>1</sup>or a group of school districts seeking to  
 25 participate in the program together<sup>1</sup> shall submit an application to the  
 26 Commissioner of Education, in accordance with application  
 27 procedures and requirements prescribed by the commissioner. A  
 28 school district <sup>1</sup>or a group of school districts<sup>1</sup> applying for a grant  
 29 award under the program shall, prior to submitting an application,  
 30 form a partnership with one or more institutions of higher education  
 31 that offer graduate programs in school-based mental health fields. The  
 32 partnership shall allow a student enrolled in an institution of higher  
 33 education’s graduate program to perform applicable fieldwork, credit  
 34 hours, internships, externships, or other related training as applicable  
 35 for the academic program of the student.

36 A grant application submitted by a school district <sup>1</sup>or a group of  
 37 school districts<sup>1</sup> shall include information regarding the following:

38 (1) the details of the partnership formed between the school district  
 39 <sup>1</sup>or group of school districts<sup>1</sup> and an institution of higher education,  
 40 including plans for supervising the graduate students in school settings  
 41 and ensuring that the students are trained in providing mental health  
 42 supports and services to students in the school district <sup>1</sup>or districts<sup>1</sup>;

43 (2) a description of how the lack of school-based mental health  
 44 services providers is affecting students in the school district <sup>1</sup>or  
 45 districts<sup>1</sup>;
