#### STATEMENT

35

36 This bill directs the Department of Education, in partnership with  
37 the Diverse and Learner-Ready Teachers Initiative or equivalent  
38 entity, to develop a credential for culturally responsive teaching.  
39 The Diverse and Learner-Ready Teachers Initiative is an effort of  
40 the Council of Chief State School Officers, which strives to revise,  
41 enact or remove state policies that will address specific challenges  
42 for both diversifying the educator workforce and ensuring all  
43 educators are culturally responsive in practice.

44 Under the bill, the purpose of the credential would be to  
45 introduce teachers to culturally responsive teaching practices,  
46 characteristics, and methods that acknowledge, respond to, and  
47 embrace the cultural backgrounds of all students to help ensure full,  
48 equitable access to education. The credential for culturally

1 responsive teaching will be made available to teachers beginning in  
2 the first full school year following the date of enactment of the bill.

3 As defined in the bill, culturally responsive teaching is a  
4 pedagogy that recognizes the importance of including students'  
5 cultural references in all aspects of learning, and which uses  
6 research-based teaching strategies that make meaningful  
7 connections between what students learn in school and their  
8 cultures, languages, and experiences.
