STATEMENT

18

19 Under current law, the board of education of every school district
20 must have an annual audit of the district's accounts and financial
21 transactions completed not later than five months, November 30,
22 after the June 30 end of the school year. A report of the annual
23 audit is filed by the accountant with the board of education, and
24 within five days thereafter, December 5, with the Commissioner of
25 Education.

26

27 This bill extends the deadline for the completion of the annual
28 audit of the 2019-2020 school fiscal year until February 28, 2021
29 and its submission to the commissioner until March 5, 2021. This
30 extension is necessary as a result of the coronavirus disease 2019
31 (COVID-19). School districts have limited the number of persons
32 who may enter school buildings due to COVID-19, which creates a
33 difficulty since the annual audit is conducted on-site at the district.
34 Additionally, the accounting firms that conduct school district
35 audits also conduct audits of the financial records of municipalities.
36 The Division of Local Government Services in the Department of
37 Community Affairs has moved the date for the filing of calendar
38 year 2019 municipal audits from June 30, 2020 to September 30,
39 2020 as a result of COVID-19. This change in schedule has further
40 impacted the ability of these accountants to complete the audits of
41 school districts in accordance with the current statutory
requirements.
