10 STATEMENT

11

12 This bill would require diversity and anti-bias training for
13 elected members of the Legislature and the governing bodies of
14 counties, municipalities, school districts, and fire districts. Training
15 would also be required for all constitutional officers including
16 county clerks, surrogates, and sheriffs. In addition, county
17 executives and registers of deeds and mortgages would be required
18 to take the training in counties that have established and hold
19 elections for those positions.

20 The training would have to be completed at least once per term
21 of office either in-person or online. Once the training has been
22 completed, a certificate of completion will be sent to the Legislative
23 Counsel, the clerk for the board of chosen freeholders, the
24 municipal clerk, or the Department of Education. Such certificates
25 of completion will be considered public information.

26 In discharging their official duties, those who hold elective
27 public office impact people of all backgrounds and cultures. In
28 conducting their important work, it is critically important for them
29 to understand the diverse backgrounds of the people they serve
30 while eliminating any internal biases they may have.
