14 2. a. There is established in the Higher Education Student
15 Assistance Authority a loan redemption program for public school
16 teachers who teach in a bilingual education or English as a second
17 language program. The program shall provide for the redemption
18 of eligible student loan expenses of a program participant following
19 the fourth consecutive year of full-time employment as a teacher in
20 a bilingual education or English as a second language program in a
21 public school in which at least 10 percent of the students are
22 enrolled in a bilingual education or English as a second language
23 program. The authority shall give priority under the program to
24 teachers who are employed at a low performing public school.

25 b. A program participant may redeem eligible student loan
26 expenses upon execution of a contract between the program
27 participant and the authority. The contract shall specify the total
28 amount of debt to be redeemed by the State in return for service
29 pursuant to subsection c. of this section. A program participant
30 who has entered into a contract with the authority shall remain
31 eligible for loan redemption under the contract in the event that the
32 number of students enrolled in a bilingual education or English as a
33 second language program falls below 10 percent of total enrollment
34 at the public school in which the teacher is employed or the teacher
35 is transferred to a school in the district that does not meet the
36 enrollment requirements. A program participant who has entered
37 into a contract with the authority shall remain eligible for loan
38 redemption under the contract in the event that the public school in
39 which the teacher is employed loses its designation as a low
40 performing public school or the teacher is transferred to a school in
41 the district that is not a low performing public school.

42 c. The redemption of loans under the loan redemption program
43 shall equal 25 percent of the participant’s eligible student loan
44 expenses, up to \$5,000, in return for each consecutive year of full-
45 time employment as a teacher in a bilingual education or English as
46 a second language program in a public school. The total amount of

1 eligible student loan expenses which may be redeemed under the
2 program by a program participant, for four full school years of
3 service, shall not exceed \$20,000. A program participant shall
4 submit to the authority proof of eligible employment in a public
5 school prior to redemption of loan indebtedness. A program
6 participant is not required to teach at the same public school for
7 four consecutive years.

8 d. A program participant who has entered into a redemption
9 contract with the authority may nullify the contract by submitting
10 written notification to the authority and assuming full responsibility
11 for repayment of principal and interest on the full amount of his
12 loans or that portion of the loans which has not been redeemed by
13 the State in return for fulfillment of the contract.

14 e. In the case of the program participant's death or total and
15 permanent disability, the authority shall nullify the service
16 obligation of the program participant. The nullification shall
17 terminate the authority's obligations under the loan redemption
18 contract. If continued enforcement of the contract results in
19 extreme hardship, the authority may nullify or suspend the service
20 obligation of the program participant.

21
22 3. The authority shall annually post in a prominent location on
23 its Internet website a list of low-performing schools at which a
24 public school teacher may be employed in order to qualify for loan
25 redemption under the loan redemption program established pursuant
26 to this act.

27
28 4. The authority shall annually submit a report on the loan
29 redemption program established pursuant to this act to the
30 Governor, and to the Legislature pursuant to section 2 of
31 P.L.1991, c.164 (C.52:14-19.1). The report shall be submitted no
32 later than August 1 of each year and shall include, but not be
33 limited to, the total number of participants receiving loan
34 redemption under the program, the total number of participants who
35 withdrew from the program or failed to complete the program's
36 employment requirement, and the effect of the program on filling
37 vacant teaching positions in a bilingual education or English as a
38 second language program.

39
40 5. The authority shall adopt, in accordance with the
41 "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et
42 seq.), rules and regulations as may be necessary to implement the
43 provisions of this act.

44
45 6. This act shall take effect immediately.

STATEMENT

The bill establishes a loan redemption program in the Higher Education Student Assistance Authority for teachers who teach in a bilingual education or English as a second language program at public schools.

Under the bill, a program participant must be a resident of New Jersey and execute a contract with the authority. The authority will give priority under the program to teachers who are employed at a low performing public school, including a charter school or a renaissance school. The redemption of loans under the program will equal 25 percent of the participant's eligible student loan expenses, up to \$5,000, in return for each consecutive year of full-time employment as a teacher who teaches in a bilingual education or English as a second language program at a public school in which at least 10 percent of the students are enrolled in a bilingual education or English as a second language program. The total amount of eligible student loan expenses that would be redeemed under the program by a program participant, for four full school years of service, will not exceed \$20,000. A program participant would not be required to teach at the same public school for four consecutive years.

The bill directs the authority to annually post in a prominent location on its Internet website a list of low-performing schools at which a public school teacher may be employed in order to qualify for loan redemption under the bill.

A program participant who has entered into a redemption contract with the authority may nullify the contract by submitting written notification to the authority and assuming full responsibility for repayment of principal and interest on the full amount of his loans or that portion of the loans which has not been redeemed by the State in return for fulfillment of the contract. In the event of a program participant's death or total and permanent disability, the authority will nullify the service obligation of the program participant. The nullification will terminate the authority's obligations under the loan redemption contract.

The authority will annually submit a report on the loan redemption program to the Governor and the Legislature no later than August 1 of each year. The report will include, but not be limited to, the total number of participants receiving loan redemption under the program, the total number of participants who withdrew from the program or failed to complete the program's employment requirement, and the effect of the program on filling vacant teaching positions in a bilingual education or English as a second language program.
