1 STATEMENT

2

3 This amendment to the State Constitution requires the State to
4 use proceeds from the transfer of assets of the State or any of its
5 independent authorities for capital projects and prohibits the State
6 from using those proceeds for State government operating expenses.

7 The transfer of assets of independent authorities would include
8 transfers by the New Jersey Turnpike Authority. Transfers include
9 sales and leases of legal interest in real property. By limiting the
10 use of proceeds from such transfers exclusively for State capital
11 projects, rather than for State operating expenses, this amendment
12 aims to ensure that the State uses revenues from asset transfers only
13 towards State capital improvements.
