STATEMENT

This concurrent resolution proposes to amend the State Constitution to require the tax imposed on the premiums of fire insurance policies written by out-of-State insurance companies on New Jersey properties to be paid directly to the New Jersey State Firemen’s Association.

Under current law, this tax is paid by the insurance company directly to the New Jersey State Firemen’s Association and is used for certain purposes, including burial benefits for firefighters, financial assistance to needy firefighters and their families, operational expenses of the New Jersey Firemen’s Home, convention expenses, and administrative expenses. This constitutional amendment would ensure that the tax continues to be paid to this association, or any successor organization, for the

1 benefit of firefighters and the money cannot be used for other State
2 purposes.

3 Firefighters play a vital role in protecting the citizens of this
4 State. It is imperative that the tax continues to be paid to this
5 association to assist firefighters and their families in times of need
6 and that the funds not be diverted for other State purposes.
