		PROVIDES THAT STATE EDUCATION AID BE DISTRIBUTED ON A PER PUPIL BASIS FOR PUBLIC SCHOOL PUPILS.
	YES	Do you approve the amendment to Article VIII, Section IV, paragraph 1 of the Constitution of the State of New Jersey to provide that State funding for public education, other than funding for special education, shall be distributed on a per pupil basis Statewide; except that the Legislature may distribute funding other than on a per pupil basis if it determines that an alternative funding method is necessary.
		INTERPRETIVE STATEMENT
	NO	If approved, this constitutional amendment would require the Legislature to distribute State funding for education on a per pupil basis, other than for State aid that supports special education programs and services; except that the Legislature may distribute funding other than on a per pupil basis if it determines that an alternative funding method is necessary. State aid for special education programs and services would continue to be distributed based on the number of children with special education needs and also the particular special education needs of the child. Under this proposal, all school districts would receive an equal amount of funding for each pupil enrolled in the district regardless of the relative wealth of the community, plus an amount to fund the special education programs and services.

1 that an alternative funding method is necessary.
2 Because the New Jersey Supreme Court has exceeded its
3 authority under the Constitution in its Abbott line of decisions, the
4 Legislature has proposed this constitutional amendment to restore
5 the balance of power required by our form of representative
6 government. The court in the Abbott decisions has ordered that
7 moneys be distributed to districts which have proven they cannot
8 produce educational excellence, and it has diverted funds from
9 districts where educational excellence is in place. This diversion of
10 funds has led to property taxes in many non-Abbott districts which
11 have robbed senior citizens and others of the value of their homes.
