(Sponsorship Updated As Of: 5/5/2021)

1 surviving severe wounds and injures in the service of the United
2 States. It is estimated that during Operation Iraqi Freedom and
3 Operation Enduring Freedom, over 48,000 servicemen and women
4 were physically injured. In addition to the physical wounds, it is
5 estimated that as many as 400,000 service members live with the
6 invisible wounds of war including combat-related stress, major
7 depression, and post-traumatic stress disorder, with another 320,000
8 believed to have experienced a traumatic brain injury while on
9 deployment.

10 This State should honor and empower all wounded warriors,
11 encouraging them in their adjustment to civilian life and
12 achievement of their goals.
