33 internships that shall be eligible to receive a subsidy by September
34 1 of each academic year following the date of enactment.

45 student at a college or university located within New Jersey; and

46 (2) have completed at least two full-time academic years at a
47 college or university, or its equivalent in part time credits.

5 6. a. The authority shall create a password protected database
6 of internship applicants that can be accessed via the Internet. The

27 utilizing the database to hire an intern for the fall or spring
28 semester, however only summer internships shall be eligible for a
29 subsidy.

30

5 and password.
6

7 8. a. Once a company has received a user name and password,
8 reviewed the database, interviewed potential candidates, and hired
9 an intern, the company shall inform the authority, in writing, which
10 internship applicant it has hired and the intern's agreed upon work
11 schedule and wages. The authority shall then inform the company,
12 in writing, if it has been awarded a subsidy under the program.

13 b. The authority shall award internship subsidies to eligible
14 companies on a first come, first serve basis, based upon the date the
15 authority receives written confirmation that the companies have
