

STATEMENT TO

SENATE, No. 964

with Senate Floor Amendments
(Proposed by Senator VITALE)

ADOPTED: FEBRUARY 10, 2020

These floor amendments provide that the form to be prescribed and approved for consent by adjacent property owners under the bill is to be done by the governing body of a municipality, not by the Chief Administrator of the New Jersey Motor Vehicle Commission. The amendments also remove reference to the chief administrator in the effective date section of the bill.
