STATEMENT

Under current law, the executive county superintendent of schools must review and approve, according to standards adopted by the Commissioner of Education, all employment contracts for superintendents of schools, assistant superintendents of schools, and school business administrators in school districts within the county. Pursuant to this section of law, the commissioner adopted regulations at N.J.A.C.6A:23A-1.2 establishing salary caps for superintendents based upon the enrollment in the district. This bill provides that the salary caps will also apply to a charter school lead person, or other person assuming administrative responsibility of a charter school.
