27 STATEMENT

28
29 This bill establishes, in the Department of Law and Public
30 Safety, the "Advisory Committee on Law Enforcement Handler-
31 Canine Training."

32 The advisory committee would consist of fifteen members
33 including: the Attorney General, the Superintendent of State Police,
34 the Commissioner of Corrections, and the Administrator of the Police
35 Training Commission, ex-officio or their designees; two members of
36 the Senate; two members of the General Assembly not of the same
37 political party; and seven public members to be appointed by the
38 Governor. The seven public members appointed by the Governor
39 should possess handler-canine team expertise or be knowledgeable of
40 the issues facing the New Jersey handler-canine training law
41 enforcement community. Of the public members appointed: one would
42 represent the United States Police Canine association, two would
43 represent the Sheriffs' Association of New Jersey, and four would
44 represent the New Jersey State Association of Chiefs of Police. The
45 members would appoint a chairperson and vice-chairperson of the
46 advisory committee from among its membership.

47 Members of the advisory committee would serve without
48 compensation, but would be reimbursed for necessary and reasonable
49 expenses incurred in the performance of their duties. The Department

1 of Law and Public Safety would be required to provide primary staff
2 support to the advisory committee.

3 The advisory committee is charged with:

4 1. Analyzing current State oversight of the training of handler-
5 canine teams used for the purposes of law enforcement and making
6 recommendations, if necessary, to improve the training process;

7 2. Studying and analyzing the economic and social impact of
8 the potential legalization of marijuana in New Jersey on handler-
9 canine training teams used for the purposes of law enforcement; and

10 3. Examining, considering, and making recommendations
11 pertaining to changes required in handler-canine training for
12 effective implementation of marijuana laws and policies.

13 The advisory committee is to submit to the Attorney General, not
14 more than one year after its organization, a report with any
15 recommendations for legislation, new rules and regulations, or
16 revisions to existing rules and regulations which the advisory
17 committee deems necessary for proper oversight of the training of
18 handler-canine teams used for purposes of law enforcement.

19 New Jersey handler-canine drug detection teams are currently
20 trained to detect marijuana. The potential legalization of
21 recreational marijuana may create legal concerns for officers in
22 conducting drug searches. This advisory committee will provide
23 the Attorney General with recommendations on any needed changes
24 to the training of handler-canine drug detection teams should
25 marijuana be legalized in New Jersey.
