1 **AN ACT** limiting the return of certain items purchased during a state
2 of emergency declared in response to COVID-19 and
3 supplementing P.L.1960, c.39 (C.56:8-1 et seq.).
4

5 **BE IT ENACTED** *by the Senate and General Assembly of the State*
6 *of New Jersey:*
7

8 1. The Legislature finds and declares that in response to the
9 public health emergency resulting from the COVID-19 virus,
10 consumers have been purchasing large quantities of products in
11 order to prepare for a possible quarantine or isolation period. The
12 Centers for Disease Control and Prevention (CDC) has advised that
13 the COVID-19 virus may be spread from person-to-person from
14 contaminated surfaces. The CDC further has advised that current
15 evidence suggests that the COVID-19 virus may remain viable on
16 contaminated surfaces for anywhere from hours to days. Following
17 a quarantine or period of isolation, a consumer may attempt to
18 return unused items purchased in bulk, which may contribute to the
19 spread of COVID-19 if the items being returned are contaminated
20 with the virus. The legislature finds that in order to inhibit the
21 further spread of COVID-19 and protect the public health, it is
22 necessary to limit the return of groceries and other foodstuffs
23 purchased during a state of emergency declared in response to
24 COVID-19.
25

26 2. As used in this act:

27 “Groceries and other foodstuffs” means dairy products, meat and
28 delicatessen products, produce products, seafood products,
29 carbonated beverages, coffee and other beverages, snack foods,
30 candy products, baked products, paper products, household cleaning
31 items, health and beauty products, frozen foods, pet foods and
32 supplies, and any other edible product not previously listed.

33 “Retail food store” means any retail establishment where
34 groceries and other foodstuffs are regularly and customarily sold in
35 a bona fide manner for off-premises consumption.
36

37 3. It shall be an unlawful practice and a violation of P.L.1960,
38 c.39 (C.56:8-1 et seq.) for any retail food store to accept the return
39 of any groceries and other foodstuffs purchased by a consumer
40 during, and for 30 days following, a state of emergency declared in
41 response to COVID-19. A retail food store may accept the return of
42 groceries and other foodstuffs if it determines, in its sole discretion,
43 that the groceries and other foodstuffs are unsafe for use or
44 otherwise adulterated within the meaning of R.S.24:5-8 as a result
45 of any manufacturing error or defect. Any groceries or other
46 foodstuffs accepted for return by a retail food store shall not be
47 offered for resale.

1 4. This act shall take effect immediately.

STATEMENT

5

6 This bill makes it an unlawful practice for a retail food store to
7 accept the return, with limited exceptions, of any groceries and
8 other foodstuffs purchased during, and for 30 days following, a
9 state of emergency declared in response to COVID-19.

10 In response to the public health emergency resulting from the
11 COVID-19 virus, consumers have been purchasing large quantities
12 of products in order to prepare for a possible quarantine or period of
13 isolation. The Centers for Disease Control and Prevention (CDC)
14 has advised that the COVID-19 virus may remain viable on
15 contaminated surfaces for hours to days. Following a quarantine or
16 period of isolation, a consumer may attempt to return any unused
17 items purchased in bulk, which may contribute to the spread of
18 COVID-19 if the items being returned are contaminated with the
19 virus. The legislature finds that in order to inhibit the further
20 spread of COVID-19 and protect the public health, it is necessary to
21 limit the return of groceries and other foodstuffs purchased during a
22 state of emergency declared in response to COVID-19.

23 Under the provisions of this bill, it would be an unlawful practice
24 for any retail food store to accept the return of any groceries and
25 other foodstuffs purchased by a consumer during, and for 30 days
26 following, a state of emergency declared in response to COVID-19.
27 However, a retail food store may accept the return of groceries and
28 other foodstuffs if it determines, in its sole discretion, that the
29 purchased items are unsafe for use or otherwise adulterated as a
30 result of any manufacturing error or defect. Any groceries or other
31 foodstuffs accepted for return by a retail food store are not to be
32 offered for resale.

33 The bill defines “groceries and other foodstuffs” to mean dairy
34 products, meat and delicatessen products, produce products, seafood
35 products, carbonated beverages, coffee and other beverages, snack
36 foods, candy products, baked products, paper products, household
37 cleaning items, health and beauty products, frozen foods, pet foods
38 and supplies, and any other edible product not previously listed. In
39 addition, the bill defines “retail food store” to mean any retail
40 establishment where groceries and other foodstuffs are regularly
41 and customarily sold in a bona fide manner for off-premises
42 consumption.

43 An unlawful practice under the consumer fraud act, P.L.1960,
44 c.39 (C.56:8-1 et seq.), is punishable by a monetary penalty of not
45 more than \$10,000 for a first offense and not more than \$20,000 for
46 any subsequent offense. In addition, a violation can result in cease
47 and desist orders issued by the Attorney General, the assessment of
48 punitive damages, and the awarding of treble damages and costs to
49 the injured.
