STATEMENT

This bill requires the New Jersey Motor Vehicle Commission (commission) to allow a customer to reserve an appointment for service at a specific commission agency location on the commission's website.

If a customer schedules an appointment through the commission's website to renew a document that is set to expire and the first available appointment at the selected commission agency location is for a date and time after the document is set to expire, the document is not to expire until the date and time of the appointment scheduled by the customer for that service at the selected commission agency location.

The commission is required to issue to the customer documentation that extends the expiration date of the document to the date and time of the scheduled appointment.
