1 STATEMENT

2

3 This bill would increase the penalties for transporting or
4 disposing of solid waste in excess of 0.148 cubic yards of solids or
5 30 gallons of liquids except to an authorized solid waste facility or
6 out-of-State disposal site. Under current law, these acts constitute a
7 disorderly persons offense and are subject to a maximum fine of
8 \$2,500 for a first offense, \$5,000 for a second offense, and \$10,000
9 for subsequent offenses, as well as a term community service with a
10 maximum duration of 90 days. This bill would increase the
11 maximum fines to \$5,000 for a first offense, \$10,000 for a second
12 offense, and \$20,000 for subsequent offenses. The bill would also
13 increase the maximum community service term to 180 days.

14 The bill would also delete a provision in existing law that
15 prohibits the disposal of any amount of solid waste on real property
16 subject to the use, control or ownership of a railroad company.
17 Under current law, persons found guilty of violating this provision
18 are liable for three times the damages caused by the unlawful
19 disposal together with three times the cleanup costs, attorney's fees,
20 and other reasonable costs expended by a railroad company. This
21 bill would instead provide that persons who unlawfully dispose of
22 solid waste in excess of 0.148 cubic yards of solids or 30 gallons of
23 liquids are liable for the damages described above to the owner of
24 the property on which the unlawful disposal occurred, regardless of
25 whether or not the owner is a railroad company. In addition, under
26 the bill, if a local government unit performs a cleanup of a real
27 property as a result of an unlawful disposal, the person convicted
28 would also be liable to the local government unit in the amount of
29 the costs associated with the cleanup.
