This concurrent resolution proposes a constitutional amendment authorizing an increase from \$10,000 to \$15,000 in the annual income limitation for eligibility to receive the annual senior and disabled property tax deduction. The change to the income limitation would take effect in 2019.

In order to qualify for this deduction, a senior citizen must be 65 years of age or older, and have an annual income that does not exceed the Constitutional income limit (currently \$10,000). A person who is permanently and totally disabled does not need to meet an age requirement, but does need to meet the Constitutional income limit.

The annual income limit has not been increased since 1983, when the State’s voters approved an increase from \$9,000 per year to the current \$10,000 per year.
