

**SENATE, No. 3202**

**STATE OF NEW JERSEY**  
**221st LEGISLATURE**

INTRODUCED MAY 9, 2024

**Sponsored by:**

**Senator VIN GOPAL**

**District 11 (Monmouth)**

**Senator LINDA R. GREENSTEIN**

**District 14 (Mercer and Middlesex)**

**Co-Sponsored by:**

**Senator Tiver**

**SYNOPSIS**

Establishes municipal water infrastructure planning and design project grant program in DEP; appropriates \$100 million.

**CURRENT VERSION OF TEXT**

As introduced.

**(Sponsorship Updated As Of: 6/17/2024)**

1 AN ACT establishing a municipal water infrastructure planning and  
2 design project grant program in the Department of  
3 Environmental Protection, supplementing Title 58 of the Revised  
4 Statutes, and making an appropriation.

5

6 **BE IT ENACTED** *by the Senate and General Assembly of the State*  
7 *of New Jersey:*

8

9 1. a. As used in this section:

10 "Department" means the Department of Environmental  
11 Protection.

12 "Drinking water infrastructure project" means the construction,  
13 reconstruction, improvement, rebuilding, or relocation of any  
14 component of a public water system, and includes the acquisition of  
15 property, right-of-way, easement, or interest therein necessary for  
16 the project or the maintenance thereof.

17 "New Jersey Environmental Infrastructure Financing Program"  
18 means the same as the term is defined in section 3 of P.L.1985,  
19 c.334 (C.58:11B-3).

20 "Overburdened community" means the same as the term is  
21 defined in section 2 of P.L.2020, c.92 (C.13:1D-158).

22 "Public water system" means the same as the term is defined in  
23 section 3 of P.L.1977, c.224 (C.58:12A-3).

24 "Stormwater infrastructure project" means the construction,  
25 reconstruction, improvement, rebuilding, or relocation of any  
26 component of a stormwater management system, and includes the  
27 acquisition of property, right-of-way, easement, or interest therein  
28 necessary for the project or the maintenance thereof.

29 "Stormwater management system" means the same as the term is  
30 defined in section 3 of P.L.1985, c.334 (C.58:11B-3).

31 "Wastewater infrastructure project" means the construction,  
32 reconstruction, improvement, rebuilding, or relocation of any  
33 component of a wastewater treatment system, and includes the  
34 acquisition of property, right-of-way, easement, or interest therein  
35 necessary for the project or the maintenance thereof.

36 "Wastewater treatment system" means the same as the term is  
37 defined in section 3 of P.L.1985, c.334 (58:11B-3).

38 "Water infrastructure project" means a drinking water  
39 infrastructure project, stormwater infrastructure project, or  
40 wastewater infrastructure project.

41 b. The department shall establish a program to provide grants to  
42 municipalities to fund planning and design projects related to  
43 prospective water infrastructure projects to be carried out by the  
44 municipality or an agency thereof. The purpose of the program  
45 shall be to support water infrastructure upgrades carried out by  
46 municipalities, and to allow municipalities to better access federal  
47 and State funds and financing to support those upgrades, by

1 removing the upfront cost burden associated with the planning and  
2 design stage of water infrastructure projects.

3 c. In order to be eligible for a grant, a planning and design  
4 project shall be associated with a water infrastructure project,  
5 which, in the determination of the department, would be eligible for  
6 funding under the New Jersey Environmental Infrastructure  
7 Financing Program, and which would be carried out by the applying  
8 municipality or an agency thereof.

9 d. The maximum grant award amount a water infrastructure  
10 project may receive under the program shall be \$2 million.

11 e. The department shall not require a municipality to provide  
12 any matching funds, in order to be eligible for a grant.

13 f. The department shall give priority for grant awards to  
14 planning and design projects for water infrastructure projects  
15 located in overburdened communities.

16 g. In establishing the grant program pursuant to this section, the  
17 department shall:

18 (1) develop guidelines and procedures for the submission of  
19 grant applications, and criteria for the evaluation of such  
20 applications;

21 (2) establish terms and conditions for the awarding of a grant  
22 under this section, and monitor grant recipients' compliance with  
23 the terms and conditions;

24 (3) require the recipient of a grant to report to the department  
25 information relating to its use of grant funds under the program; and

26 (4) submit a report to the Governor and, pursuant to section 2 of  
27 P.L.1991, c.164 (C.52:14-19.1), the Legislature, during each year in  
28 which a grant is awarded, on the effectiveness of the grant program  
29 in accomplishing the purposes enumerated in subsection b. of this  
30 section.

31 h. The department may, pursuant to the "Administrative  
32 Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), adopt rules  
33 and regulations as necessary to establish and implement the grant  
34 program.

35

36 2. There is appropriated to the Department of Environmental  
37 Protection, from the General Fund, the sum of \$100 million to fund  
38 the grant program established by section 1 of this act.

39

40 3. This act shall take effect immediately.

41

42

43

#### STATEMENT

44

45 This bill would direct the Department of Environmental  
46 Protection (DEP) to establish a program to provide grants to  
47 municipalities that undertake planning and design projects related to  
48 prospective water infrastructure projects.

**S3202 GOPAL, GREENSTEIN**

1       In order to be eligible for a grant, a planning and design project  
2 would be required to be in support of a water infrastructure project  
3 that would be eligible for financing under the New Jersey  
4 Environmental Infrastructure Financing Program, carried out jointly  
5 by the DEP and the New Jersey Infrastructure Bank. The maximum  
6 grant award per project would be \$2 million. Municipalities would  
7 not be required to provide matching funds in order to be eligible for  
8 a grant. The bill would also require the DEP to provide priority to  
9 applications for projects located in overburdened communities.  
10 Under the bill, the DEP would determine the application procedures  
11 and criteria for evaluating applications. The bill would require the  
12 DEP to report to Governor and the Legislature on the progress of  
13 the program in achieving its goals. Finally, the bill would  
14 appropriate \$100 million from the General Fund to the DEP for the  
15 purposes of the grant program established by the bill.
